

GUILDEN SUTTON PARISH COUNCIL

Minutes of the ordinary meeting of the Council held in Guilden Sutton Village Hall on Monday 14 December, 1998.

Chairman: Councillor Mrs B Antrobus.

Apologies: Councillor Fisher, City Councillor B J Bailey, City Councillor B J Bailey, County Councillor N J Fitton.

Present: Councillors Antrobus, Arditti, Armitage, Astbury, Gartland, Hughes, Whitehouse.

1. Minutes.

The minutes of the ordinary meeting of the Council held on Monday 9 November, 1998 were proposed by Councillor Gartland, seconded by Councillor Armitage and agreed.

2. Planning.

(i) New applications.

98/01297/FUL, extension to front elevation at 3 The Hall, Station Lane for Mr and Mrs D McIver. This application had been considered by the Chairman, Vice Chairman and Councillor Gartland. The Vice Chairman had reported the proposal involved change to the elevation of an important, old and original building. Adjoining occupiers had been consulted by the applicant and there was no objection. Visiting Members believed, however, that the proposed portico was quite out of keeping with a serious break to the building line and that the impact of the extension was very significant in the relatively small, ordered space which it faced.

Councillor Armitage said the Council should be careful in taking a view opposed to that of the residents but agreed the proposal was quite out of keeping.

It was resolved the Council should object to the application on the grounds the proposal involved an important, old and original building in the historic village centre. The proposed portico was quite out of keeping and the overall impact of the extension, a

likely total of 2.00 metres forward, was very significant in the context of the relatively small, ordered space which it faced. The proposal seriously broke the building line with similar departures not being obvious elsewhere in the development.

The Council would be minded to withdraw their objection if the portico were to be omitted from the proposal and the extension limited to a maximum of 1.00 metres forward to the external face. Should the planning authority be persuaded to grant approval, the Council would wish to see a requirement for the guttering to match the existing on either side and for the first floor window to match that at no 2 in height and design. There should also be a flat roof line to the forward extension to match the existing.

The applicant and the Secretary of The Hall and Stables Management Committee would be informed.

98/01353/FUL, dormer bungalow with detached garage for residential - disabled use at Wood Farm for Mr P Gresty. Councillor Whitehouse reported on the detail of the application and on the circumstances of the applicant. Adjoining occupiers had been consulted and there was no objection. Members expressed concern at the scale of the proposal and considered whether or not the size of the application site fell within the infill policy defined in the emerging local plan. The relationship between the site and adjoining areas of important open green space was considered, together with the impact of development and the Council's consistent approach to proposals within the green belt.

Having considered the outcome of their inquiries together with the policy issues and taking careful account of the special circumstances of the applicant, it was resolved to raise an objection to the proposal as the site did not meet the emerging local plan criteria for infill dwellings. The distance between the eastern face of the existing dwelling and the eastern boundary of the existing curtilage was three times the plot widths of the two immediately adjoining properties to the east. Local plan policy, which the Council strongly endorsed, would only allow development on plots suitable for one or two dwellings.

The site was located within a sensitive area of green belt in close proximity to important and valuable areas of green space protected by the emerging local plan. The proposal would be inappropriate and would impact adversely on the openness of the

principal gateway to the village. This was not continuously developed on the northerly side, contributing to the overall character of the village setting.

There would be no objection to a modest extension to the existing property appropriate to meet the applicant's special needs.

Should the planning authority be minded to grant permission, the Council would wish to see the proposal to be limited to a single storey rather than a dormer bungalow in keeping with the existing. The two dwellings should be restricted to single occupancy, conditioned to prevent the separate disposal of the in fill development.

The applicant would be informed that Members had considered the application most anxiously but had not felt able to depart from their established policy.

98/01389/FUL, amendment to approved design, Unit 5, The Steadings for Kilmorey Estates (Chester) Ltd. Following a report by the Chairman, it was agreed that no objection should be raised. (see also 95/01046/COU beneath).

98/01414/FUL, conservatory to replace wooden lean to at 81 Oaklands for Mr W Clark. Councillor Arditti reported. It was noted that neighbouring occupiers had not been consulted by the planning authority and that not all adjoining properties were shown on the plans. Concern was expressed at the overall size of the proposal relative to the garden and at the need for obscured glazing to the high level windows. Further inquiries would be made.

(ii) Decision notices.

(a) refusals:

98/00445/COU, change of use of land to incorporate a new vehicular access road to segregate car park from yard at Topaz Hair Cosmetics, Guilden Sutton Lane. The Clerk reported he had attended the Planning sub committee on 11 November, 1998 at which the principal planning officer's recommendation for permission had been overturned after all three groups had supported the concerns raised by City Councillor J R Boughton. Views had been expressed as to the unwillingness of the

applicant to follow accepted planning procedures. This was welcomed. The Chairman said the Council would wish to thank those Parish Members concerned, the Clerk and City Councillor Boughton for their contributions to achieving the decision.

It was noted the decision notice described the proposal as inappropriate development within the green belt. This was noted.

98/00874/OUT, proposed bungalow and garage at Ashbourne House, Hare Lane for Mr N Hassall. It was noted the decision notice referred to the application as falling outside the categories for appropriate development within the green belt. In addition, the proposal would exacerbate existing capacity problems in respect of the public sewerage network. This was noted.

(b) permissions:

98/01119/FUL, construction of pitched roofs and provision of chimney stack at Roewen, Belle Vue Lane for J M R Construction.

98/01155/FUL, replacement of flat roof with pitched tiled roof at 28 Oaklands for Mr M Gartland. Councillor Gartland declared an interest as the applicant and made no comment.

98/01169/FUL, conversion of garage to playroom and car port to garage at 7 Orchard Croft for Mr R Baird. It was noted the permanent provision of three on site parking spaces had been required by condition in the interests of highway safety.

(iii) Current applications.

95/01046/FUL, COU of redundant farm buildings to 8 no dwellings, swimming pool, tennis court, garages, driveway and improvements to the highway at The Byatts, (now The Steadings), Wicker Lane for Kilmorey Estates. The Clerk reported the receipt, by letter dated 1 December, 1998, of advice from the Development Control Manager that he had agreed a proposed relocation of the garage block serving Unit 7. This was noted. The Development Control Manager would be thanked for informing the Council.

It was noted the proposed improvement to Wicker Lane at the entrance to the development would involve the setting back of the existing Cheshire railings opposite the spinney. Members wished an Oak at this location to be protected and also wished

the hedge line at the original entrance to Highfield to be reinstated. The need for the reinstatement of any public footpaths affected by the overall development would also be monitored.

95/01052/FUL, alterations to dwelling and COU to form garden at The Bungalow, Church Lane for Mrs. C Jones. The proposed improvement to the remaining area of open space adjoining the footway from Church Lane to Fox Cover would be pursued following the erection of the permanent fencing to the application site.

97/01302/FUL, extension at 1 Vicarage Close for Mr L Stephani. The Clerk had not yet been able to pursue his inquiries which might assist with determining the ownership of the access between nos. 1 and 3 Vicarage Close.

97/01146/S73, extension of time period for erection of underground reservoir, Guilden Sutton

Lane for Chester Waterworks Co. The decision notice was awaited.

98/00512/FUL, (amended application), construction of 2 no four bedroom bungalows with double garages and access alterations between Ranelagh and The Wood, School Lane for LRM Ltd. Nothing further to report at this stage.

9898/00589/FUL, installation of 22.5m telecommunications radio tower, equipment cabin and new access track at Dee Valley Reservoir, Guilden Sutton Lane for Cellnet. The Clerk reported he had now received a helpful response from the Highways Agency in Manchester as to their unpreparedness to enter into agreement for the mast to be sited on highway land as had been requested by Cellnet. This rehearsed the reasons why they were unable to agree to such requests as distinct from proposals adjoining highway land. The reply was noted.

98/00729/FUL, creation of foot/cycleway Mickle Trafford - Dee Marsh junction for Sustrans. A County Council progress report had been obtained by the Clerk and was referred to Councillor Armitage.

98/00831/FUL, conversion of double garage into living accommodation at 10 Middlecroft for Mr and Mrs B Leroux. The

concerns expressed by the Vice Chairman had been raised, in the first instance, at the Chester Area Meeting. Although no widespread concerns had been voiced, there had been general agreement this would be an appropriate matter to form the subject of a motion to the annual meeting of the County Association.

98/00989/OUT, demolition of existing bungalow and erection of new dwelling at Woodcote, Wicker Lane for Mr J Cox. It was understood offers were being invited for the disposal of the property.

(iv) General:

(a) Parish Planning Forum: planning guidelines. Councillor Hughes expressed disappointment at the degree of discretion afforded to the planning authority although he believed the guidelines offered a valuable insight into planning matters. He was thanked for a generous offer to supply copies to any Member who wished to have their own set of the guidelines.

(b) Telecommunications development control. The report obtained by the Clerk was being considered by Councillor Armitage.

Councillor Armitage reported that with the Vice Chairman and Councillor Hughes he had attended a site meeting at 10.00am on Saturday 12 December, 1998 with the contractor, Mr Paul Gresty, to discuss performance against specification. It had been agreed the rose bed had not been maintained and a reduction in the overall charge for the contract from £680 plus VAT to £665 plus VAT had been accepted. Rutting to the playing field in the early part of the season had been raised as had the absence of dockets. It had been agreed that in any future contract, these would be provided as a matter of course as was the case with other clients and that in their absence, no payment would be made.
